

For the GOT-A900 series (DC power model) users

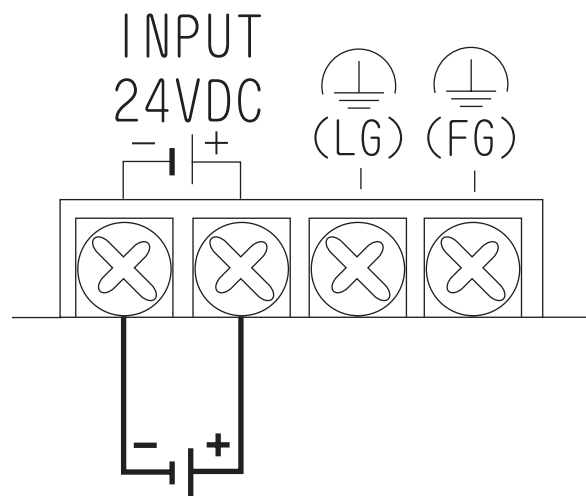

Thank you for purchasing the GOT1000 series.
Please note the following when you use this product.

[Precautions for use]

The power terminal layout (+, -) of the GOT1000 series (DC power model) is different from that of the GOT-A900 series (DC power model).

When replacing your GOT-A900 series (DC power model) with the GOT1000 series, pay attention to the polarity of the power supply in the power terminal wiring.
